Company Overview

BeavCon Building Contracting L.L.C, based in Dubai, is a licensed building contracting company delivering construction, fit-out, and property maintenance solutions across residential, commercial, and industrial sectors throughout the UAE. Established in 2023, the company has rapidly grown into a trusted contracting partner for developers, property owners, and businesses.

BeavCon Building Contracting L.L.C specializes in building contracting works, interior fit-outs, civil works, MEP services, and comprehensive facility maintenance. Our clients benefit from end-to-end project execution — from initial planning and material procurement through to final handover and post-completion support.

The company is supported by a team of qualified engineers, certified technicians, and skilled tradespeople, all operating under structured project management systems and in full compliance with UAE building codes and regulatory standards.

BeavCon Building Contracting L.L.C is committed to expanding its contracting portfolio, supporting major developments, and delivering built environments that meet the highest standards of quality, safety, and functionality.

Mission, Vision & Core Values

BeavCon Building Contracting L.L.C aims to be a leading building contracting company across the UAE, delivering construction, fit-out, and property solutions that meet the highest standards of quality, safety, and client satisfaction. Our commitment is captured in our guiding principle: 'Building Excellence, Delivering Trust.'

Mission

BeavCon Building Contracting L.L.C is committed to delivering high-quality building contracting, fit-out, and maintenance works across the UAE. We leverage the expertise of our qualified engineers and skilled workforce to execute projects efficiently, safely, and to specification. Our mission is to be the preferred contracting partner for developers, property owners, and businesses — providing end-to-end solutions that add lasting value to every built environment.

Vision

Our vision is to be recognised as a leading building contracting company in the UAE, known for construction excellence, professional integrity, and reliable project delivery. BeavCon Building Contracting L.L.C aspires to grow its contracting portfolio across residential, commercial, and government sectors — supporting major developments and contributing to the UAE's built environment with quality workmanship and innovative solutions.

Core Values

- Quality workmanship and construction excellence
- Safety compliance on every project and site
- Integrity and transparency in all operations
- Client satisfaction and long-term partnerships
- Timely delivery and professional accountability
- Environmental responsibility in construction practices

Fit-Out & Renovation Services

BeavCon Building Contracting L.L.C provides a full range of fit-out and renovation services for residential and commercial properties. Our approach combines functional space planning with adherence to quality standards during execution, ensuring projects meet client requirements, budget parameters, and regulatory compliance standards.

Interior Design Support

Consultation on space utilization, material selection, and design concepts aligned with client objectives and budget constraints.

Space Planning

Functional layout development for effective utilization of available area, traffic flow, and operational efficiency.

Flooring Solutions

Installation of tiles, vinyl, laminate, hardwood, and carpet systems with proper substrate preparation.

Custom Joinery

Bespoke cabinetry, storage solutions, and built-in furniture tailored to specific space requirements.

Décor Implementation

Installation of finishing elements including wall treatments, lighting fixtures, and decorative components.

Gypsum, Partitions & Ceiling Systems

We provide drywall and ceiling systems for space division, acoustic control, and interior finishing. Our teams are proficient in both residential and commercial applications, ensuring installation according to building codes and client specifications.

Gypsum Board Installation

Wall and ceiling applications, with finishing and joint treatment to achieve specified surface readiness for painting or other finishes.

Partition Systems

Space division systems, including stud framing, insulation, and board installation for establishing functional room layouts.

False Ceiling Systems

Suspended ceiling systems for concealing MEP services, contributing to acoustic performance, and meeting interior design specifications.

Civil Support & Minor Works

Our civil support division handles minor construction works, repairs, and modifications that do not require major structural intervention. These services complement our technical maintenance capabilities, offering comprehensive solutions for property repair and modification requirements.

Service Areas

- Plaster and rendering works
- Minor structural repairs
- Block work and masonry
- External tiling and cladding
- Interlock and paving
- Waterproofing applications
- Building modifications

Maintenance & Technical Services

AC/HVAC Systems

- Installation of new systems
- Preventive maintenance programs
- Repair and troubleshooting
- System optimization
- Duct cleaning and sanitization

Electrical Services

- Installation and wiring
- Panel maintenance and upgrades
- Lighting systems
- Fault diagnosis and repair
- Emergency electrical services

Carpentry & Wood Works

Our carpentry services, provided by BeavCon Building Contracting L.L.C, include custom woodwork, furniture installation, and joinery solutions for residential and commercial properties. All work is executed by qualified personnel with adherence to quality standards and structural integrity requirements.

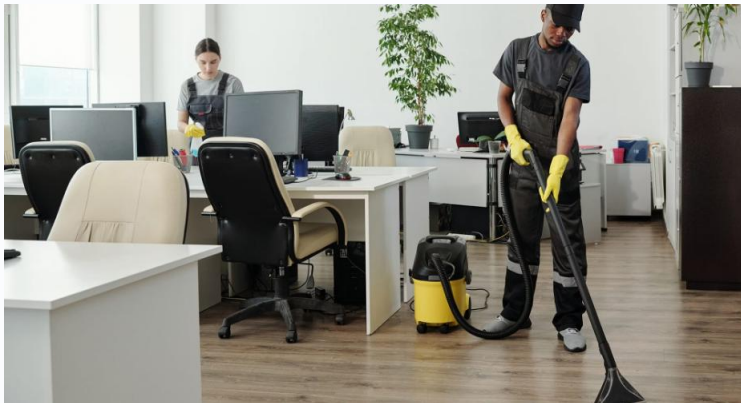

Service Capabilities

- Custom furniture fabrication
- Built-in wardrobes and storage
- Kitchen cabinet installation
- Door and window frames
- Decorative woodwork
- Repair and restoration
- Wood flooring and decking

Painting Services

Interior Painting

- Residential apartments and villas
- Commercial offices
- Retail spaces
- Surface preparation and priming
- Multiple coat applications
- Specialty finishes

Exterior Painting

- Building facades
- Weather-resistant coatings
- Texture application
- Protective sealants
- Color consultation
- Emphasis on long-term durability

Handyman Services

Our handyman division provides routine property maintenance, minor repairs, and general upkeep services. This offering supports property managers, homeowners, and businesses requiring efficient assistance for daily maintenance tasks without dedicated in-house staff under BeavCon Building Contracting L.L.C (formerly BEAVCON Technical Services LLC).

General Repairs

Execution of minor repairs to fixtures, fittings, doors, windows, and other building elements necessitating prompt intervention.

Assembly & Installation

Provision of services for furniture assembly, fixture mounting, curtain rod installation, and other related setup requirements.

Routine Maintenance

Systematic inspection and upkeep of diverse property elements to mitigate future operational complications.

Plumbing & Drainage Solutions

Our plumbing division addresses water supply, drainage, and sanitation systems. We manage both routine maintenance requirements and emergency response situations, deploying qualified technicians and appropriate equipment.

Installation Services

- Water supply systems
- Drainage networks
- Fixture installation
- Pipe routing and connection

Maintenance & Repair

- Leak detection and repair
- Pipe replacement
- Valve maintenance
- Pump servicing

Emergency Response

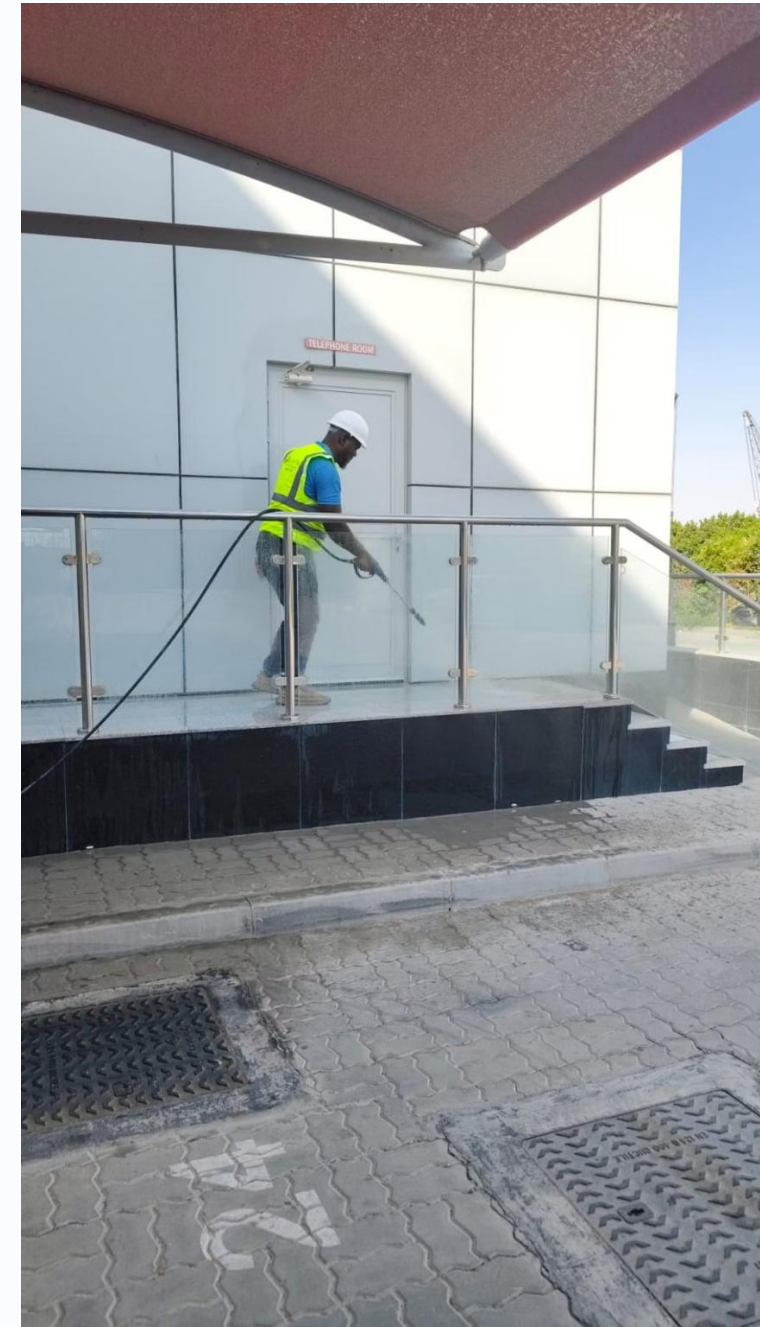

- Burst pipe repair
- Blockage clearing
- Water damage mitigation
- 24/7 availability

Environmental & Cleaning Services

Our environmental services division provides comprehensive cleaning services for commercial, hospitality, healthcare, and residential properties. Services are executed by trained personnel utilizing specified equipment and cleaning agents appropriate for each environment.

Service Coverage

- Office and commercial spaces
- Retail establishments
- Healthcare facilities
- Hospitality properties
- Residential buildings
- Common areas and lobbies
- Specialized deep cleaning
- Post-construction cleaning

Security & Surveillance Systems

BeavCon Building Contracting L.L.C provides installation and maintenance services for security and surveillance systems in residential and commercial properties. Our technical teams possess the qualifications to manage diverse system types, ensuring adherence to configuration standards, network integration, and sustained operational performance.

CCTV Systems

Installation of IP and analog camera systems, including recording functionalities, remote access, and strategic coverage planning.

Access Control

Electronic access management systems, comprising card readers, biometric devices, and integrated door control mechanisms.

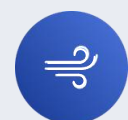

Alarm Systems

Intrusion detection systems, motion sensors, and alarm integration with monitoring functionalities for property security.

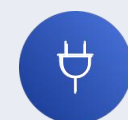

Annual Maintenance Contracts (AMC)

BeavCon Building Contracting L.L.C offers structured Annual Maintenance Contract programs to provide regular, preventive maintenance services across multiple building systems. AMC arrangements ensure consistent property upkeep, mitigate emergency repair costs, and extend equipment lifespan through scheduled interventions.

HVAC Maintenance

Scheduled servicing, filter replacement, system checks, and performance verification to maintain cooling efficiency and indoor air quality standards.

Electrical Systems

Regular inspection of panels, wiring, fixtures, and safety devices to ensure compliance and prevent electrical failures.

Plumbing Services

Periodic checks of water supply, drainage, fixtures, and pumps to identify and address potential issues proactively.

Carpentry Support

Maintenance of doors, windows, cabinets, and wooden fixtures to ensure functionality and structural integrity.

AMC contracts are adaptable based on property type, size, and specific operational requirements. We provide services for residential buildings, commercial offices, retail facilities, warehouses, and industrial properties with customized maintenance schedules.

Sectors Served

BeavCon Building Contracting L.L.C delivers building contracting, fit-out, and maintenance works across a diverse range of property sectors throughout the UAE. Our contracting experience spans multiple environments, each with distinct construction requirements, compliance standards, and quality expectations.

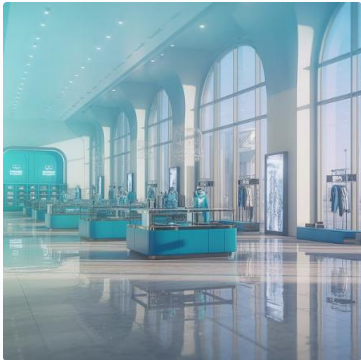

Residential Properties

Villas, apartments, and residential compounds requiring maintenance, renovation, and technical services.

Commercial Offices

Office buildings, business centers, and corporate facilities with ongoing maintenance and fit-out requirements.

Retail Spaces

Shopping centers, retail outlets, and commercial showrooms requiring specialized technical support.

Industrial Facilities

Warehouses, manufacturing units, and industrial properties with heavy-duty maintenance needs.

Hospitality Sector

Hotels, serviced apartments, and hospitality properties requiring consistent quality standards.

Institutional Properties

Schools, clinics, and healthcare facilities with specialized maintenance and compliance requirements.

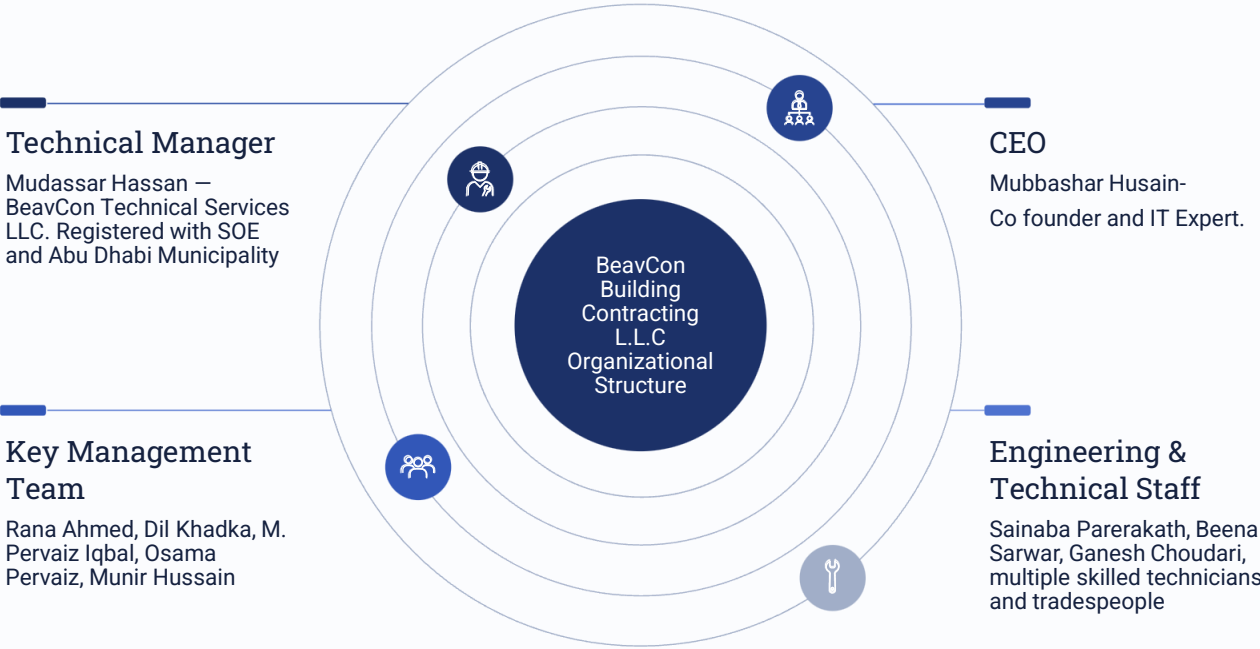

Structure & Regional Coverage

Dubai

Primary operational base, ensuring comprehensive service provision across all districts.

Organizational Structure

Abu Dhabi

Provision of complete technical services and maintenance support within the capital emirate.

	ISO 9001:2015 Establishes requirements for a quality management system, focusing on meeting customer and regulatory requirements. Certificate No: AE 10001066/01/Q Valid: April 2025 - April 2026
	ISO 14001:2015 Specifies requirements for an environmental management system to enhance environmental performance. Certificate No: AE 10001066/02/E Valid: April 2025 - April 2026
	ISO 45001:2018 Provides a framework for managing occupational health and safety risks and improving performance. Certificate No: AE 10001066/03/H Valid: April 2025 - April 2026

Operational Strengths

BeavCon Building Contracting L.L.C maintains the operational capabilities, technical resources, and management systems required to deliver building contracting projects efficiently, safely, and to the highest quality standards across the UAE.

Construction & Technical Expertise

BeavCon Building Contracting L.L.C employs a team of over 50 skilled professionals, including qualified engineers registered with professional bodies, certified technicians, and experienced tradespeople. Our workforce has extensive experience in UAE building systems, construction standards, and fit-out works. Mudassar Hassan, our Technical Manager/Partner, is registered with the Society of Engineers (SOE) and Abu Dhabi Municipality.

Regulatory Compliance

Full adherence to UAE building codes, Dubai Municipality regulations, and construction safety standards. We hold all required contracting licenses, insurance coverage, and safety certifications for operations across all emirates.

Project Management

Structured site supervision, scheduling, and quality control systems ensure all contracting projects are delivered on time, within budget, and to specification. Dedicated project managers oversee execution and maintain client communication throughout.

Client Support

Dedicated account management, progress reporting, and post-completion support for all contracting clients, developers, and AMC holders.

ISO Certified Management Systems

- **ISO 9001:2015** - Quality Management System ensuring consistent service delivery and client satisfaction
- **ISO 14001:2015** - Environmental Management System demonstrating commitment to environmental responsibility
- **ISO 45001:2018** - Occupational Health & Safety Management System prioritizing worker safety and workplace health

These internationally recognized certifications validate BeavCon Building Contracting L.L.C's adherence to quality, safety, and environmental standards, and demonstrate systematic approaches to effective service delivery.

Safety Commitment

Safety compliance is fundamental to BeavCon Building Contracting L.L.C's operations. We maintain safety protocols aligned with UAE regulations and industry best practices. All personnel receive safety training appropriate to their roles, and sites are managed according to established safety procedures.

ISO 45001:2018 Certification: Occupational Health & Safety Management System

BeavCon Building Contracting L.L.C maintains an internationally certified Occupational Health & Safety Management System (OHSMS) to ISO 45001:2018 standards. This certification demonstrates our commitment to establishing and maintaining safe working environments, exceeding basic regulatory compliance requirements.

Certified OHSMS Independent assessment confirms our compliance with global safety management requirements, ensuring a systematic approach to identifying, controlling, and reducing workplace risks.	Continuous Improvement We implement regular safety audits and continuous improvement processes, promoting a culture of safety and adherence to occupational health and safety at all operational levels.	Validity Our ISO 45001:2018 certificate is valid through April 2026, underscoring our continuous adherence to stringent safety standards.
Personnel Safety Mandatory safety training for all technical staff, proper use of personal protective equipment (PPE), and adherence to safe work procedures. Regular safety briefings and hazard awareness programs are conducted.	Site Safety Management Risk assessment before work commencement, appropriate safety signage and barriers, proper equipment handling procedures, and compliance with client safety requirements at all work locations.	Regulatory Compliance Adherence to UAE occupational health and safety regulations, maintenance of required safety certifications, incident reporting procedures, and continuous improvement of safety practices based on industry developments.

Leadership & Management

Mudassar Hassan - Technical Manager & Partner, BeavCon Building Contracting L.L.C

Mudassar Hassan leads BeavCon Group's technical operations with comprehensive expertise in Civil, structural, and utilities. As a registered professional with the Society of Engineers (SOE) and Abu Dhabi Municipality, he ensures project adherence to technical standards and strategic objectives.

Professional Credentials:

- Registered with Society of Engineers (SOE)
- Registered with Abu Dhabi Municipality
- Technical Manager & Partner
- 10+ years industry experience

Under his leadership, Beavcon Group has:

- Achieved ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 certifications
- Completed 79+ projects across Abu Dhabi
- Built a team of 50+ qualified professionals
- Established partnerships with UAE contractors and developers.

"Recognizing the evolving operational environment, Beavcon is committed to implementing adaptive facility management strategies. Our approach prioritizes delivering consistent value and integrating client requirements to ensure operational continuity."

Client Relationships

BeavCon Building Contracting L.L.C establishes and maintains client relationships across residential, commercial, and industrial sectors. Our approach is founded on clear communication, transparent pricing, timely delivery, and responsive support. We collaborate with property owners, facility managers, and businesses to address their ongoing technical service requirements.

Direct Communication

Designated points of contact for service requests, project inquiries, and ongoing support needs, with timely response to client communications.

Transparent Operations

Clear quotations, defined scope of work, progress updates, and documentation of completed services for client records and audit purposes.

Reliable Delivery

Adherence to agreed schedules, quality standards, and project specifications, with timely communication regarding potential deviations requiring client input.

QHSE, Ethics and Sustainability Policy Statements

BeavCon Building Contracting L.L.C maintains comprehensive Quality, Health, Safety, and Environmental (QHSE) management systems aligned with international standards and UAE regulatory requirements. Our policy framework demonstrates commitment to operational excellence, worker safety, and environmental responsibility. (Legacy entity: BEAVCON Technical Services LLC)

BEAVCON Technical Services L.L.C – QHSE Policy

At BEAVCON Technical Services L.L.C, we are fully committed to maintaining the highest standards of Quality, Health, Safety, and Environment (QHSE) across all our operations. Our QHSE Policy underscores our responsibility to safeguard our employees, clients, community, and the environment.

Quality Assurance
We are driven by a strong commitment to excellence and strive to deliver services that meet and exceed client expectations. Quality is at the core of all our processes, and we are continuously improving our systems, tools, and execution standards to ensure dependable and consistent service delivery.

Health & Safety Commitment
The health, safety, and welfare of our team and all stakeholders are our top priorities. BEAVCON provides a safe work environment by implementing preventive safety measures, conducting risk assessments, and organizing regular safety training. We aim to eliminate workplace hazards and minimize risks of injury or illness.

Environmental Responsibility
We proactively manage our environmental footprint by reducing waste, conserving resources, and preventing pollution. BEAVCON complies with all applicable environmental regulations and is committed to integrating sustainable and eco-conscious practices throughout all our projects and day-to-day operations.

Legal Compliance
We operate with full adherence to all local and international laws, industry regulations, and client-specific standards. Compliance is embedded in our work culture, ensuring that every task is performed responsibly, safely, and legally.

Continuous Improvement
We are committed to evolving and enhancing our QHSE systems. Through regular audits, performance reviews, and feedback loops, we set objectives and implement changes that contribute to operational excellence and organizational growth.

Communication & Engagement
Open communication and stakeholder involvement are key to our QHSE success. BEAVCON encourages team members, clients, and partners to actively participate in maintaining high QHSE standards through collaboration and knowledge sharing.

Training & Competency Development
We invest in ongoing training and development for all staff to ensure they are skilled, competent, and confident in executing their roles safely and effectively. Our workforce is our strength, and we empower them with the tools and awareness they need to work responsibly.

Incident Reporting & Prevention
BEAVCON maintains a structured system for reporting and investigating all incidents, near-misses, and potential hazards. We take corrective action without delay to prevent recurrence and build a culture of safety and accountability.

BEAVCON Technical Services L.L.C – Ethics Policy

At BEAVCON Technical Services L.L.C, we are deeply committed to upholding the highest standards of professionalism, transparency, and integrity. Our Ethics Policy serves as a foundation for guiding the behavior and actions of all employees, contractors, and business partners.

Integrity and Honesty
We value and promote a culture of honesty and fairness. Every individual representing BEAVCON is expected to act ethically and with integrity in all professional dealings and decision-making.

Compliance with Laws and Regulations
BEAVCON is fully committed to complying with all applicable legal, regulatory, and industry standards. All team members are responsible for understanding and following the laws that govern our operations.

Avoidance of Conflicts of Interest
We expect all individuals associated with Beavcon to avoid situations where personal interests may conflict with the company's objectives. Any potential or actual conflict must be disclosed immediately to management.

Environmental Responsibility
As a technical and maintenance services provider, we take our environmental responsibilities seriously. We aim to minimize waste, conserve resources, and implement sustainable practices in all aspects of our work.

Anti-Corruption and Bribery
We maintain a zero-tolerance approach to bribery, corruption, or any illegal activity. All team members are strictly prohibited from engaging in or facilitating such conduct and are encouraged to report any such instances.

Reporting Misconduct and Ensuring Accountability
We empower our employees to speak up about any unethical conduct or suspected policy violations. All concerns will be treated confidentially and addressed promptly, with no fear of retaliation for those acting in good faith.

At BEAVCON, our Ethics Policy is not just a document—it is a commitment to building a culture of trust, responsibility, and ethical excellence. This policy reflects our dedication to ensuring that our services positively impact our clients, team, and the wider community we serve.

BEAVCON Technical Services L.L.C – Sustainability Policy

At BEAVCON Technical Services L.L.C, we are dedicated to integrating sustainability into every aspect of our operations. Our Sustainability Policy reflects our commitment to reducing environmental impact, fostering social responsibility, and building a more sustainable future for our clients, community, and the generations to come.

Environmental Stewardship
We actively work to reduce our carbon footprint, conserve water and energy, and manage waste responsibly. BEAVCON adopts eco-friendly techniques such as energy-efficient solutions, smart material usage, and sustainable construction practices across all our services.

Sustainable Procurement
We prioritize sourcing environmentally responsible materials and services. BEAVCON works closely with suppliers who share our sustainability vision and uphold ethical practices across the supply chain, ensuring long-term environmental benefit and quality assurance.

Social Responsibility
We strive to make a positive difference in society by supporting local initiatives, upholding fair labor standards, and promoting workplace diversity and inclusion. BEAVCON fosters a safe, respectful, and empowering work environment for every team member.

BEAVCON promotes sustainability awareness among employees, partners, and clients through regular training and sharing of best practices. We cultivate a culture where sustainability is embedded in our daily operations and decision-making processes.

Stakeholder Engagement
BEAVCON values open communication with clients, employees, regulatory bodies, and communities. We listen, collaborate, and transparently report on our sustainability goals and progress, ensuring we meet the expectations of all stakeholders.

Continuous Improvement
Sustainability is a journey. We regularly monitor our environmental and social performance, set realistic targets, and implement improvements that drive positive and lasting change in our operations and outcomes.

Legal and Regulatory Compliance
We fully comply with all applicable environmental and sustainability-related regulations and industry best practices. BEAVCON stays informed of updates to ensure we meet the highest standards at all times.

At BEAVCON Technical Services, sustainability is not a one-time initiative—it is part of who we are. By embracing environmentally responsible and socially conscious practices, we not only enhance our services but also contribute meaningfully to the community and the environment we serve.
